

# **2016 Corporate Governance Evaluation Results in Taiwan**

Conducted by the Securities and Futures Institute  
Entrusted by Taiwan Stock Exchange Corporation &  
Taipei Exchange

**Despite all reasonable care given in the screening process to ensure objectivity, the SFI bears no responsibility in case of any damage or loss incurred from use of the evaluation results.**

**April 14, 2017**

## 2016 Corporate Governance Evaluation Results in Taiwan

### **About “Corporate Governance Evaluation System”**

In response to the market need for enhanced corporate governance reforms, the Financial Supervisory Commission ("FSC") issued a 5-year "Corporate Governance Roadmap" in December 2013, aiming to accelerate the implementation of corporate governance among Taiwanese listed companies, assist companies with sound development and boost market confidence. According to the roadmap, the implementation of corporate governance evaluation is one of the major projects with the goal to assist investors and companies in better understanding the performance of corporate governance by comparing the evaluation result among companies.

In 2014, the Taiwan Stock Exchange Corporation (“TWSE”) and the Taipei Exchange (“TPEX”) launched “Corporate Governance Evaluation System”, conducted by the Securities and Futures Institute (“SFI”) annually. The FSC believes this evaluation system will make companies take corporate governance more seriously, encourage healthy competition among companies and cultivate a culture that companies voluntarily improve their corporate governance.

2016 is the third year of the evaluation and the results have been published on April 14, 2017. To see the results of 843 TWSE and 653 TPEX listed companies, please visit website at <http://cgc.twse.com.tw/frontEN/index>.

### **Evaluation Indicators**

#### **1. Weighting of indicator categories**

The evaluation indicators comprise the following 6 categories and 103 indicators. The categories of the evaluation indicators and their weight are shown as Table 1:

Table 1: Categories of Indicators and Weight

Category		Number of Indicators	Weight Assigned
I	Protecting Shareholder Rights and Interests	13	15%
II	Treating Shareholders Equitably	15	13%

III	Enhancing Board Composition and Operation	35	32%
IV	Increasing Information Transparency	21	22%
V	Putting Corporate Social Responsibility into Practice	15	18%
VI	Other Matters	4	0
	Total	103	100%

Note: There is one Type C indicator in the "Protecting Shareholder Rights and Interests" category, two in the "Treating Shareholders Equitably" category, five in the "Enhancing Board Composition and Operation" category, two in the "Increasing Information Transparency" category, and one in the "Putting Corporate Social Responsibility into Practice" category. Type C indicators are classified under particular categories only on the basis of their nature, but are not factored into the weighting assigned to any category.

## 2. Calculation of scores

### (1) Calculating scores for a category

Scores for a category are calculated in the following manner:

$$\frac{\text{Number of scored indicators in such category (not incl. Type C indicators)}}{\text{Total number of applicable indicators in such category (not incl. Type C indicators)}} \times \text{category weighting}$$

### (2) Calculation of total scores

Total scores are calculated by summing up the points for the five categories, then adding in the points for the C+ and C– types indicators.

## **Companies Covered**

Except some companies with inadequate data (listed after January 1, 2016) or met certain regulatory circumstances, all TWSE/TPEX-listed companies were covered by the Corporate Governance Evaluation System.

## **Scope of Information to be Evaluated**

The evaluation will be based on the matters relating to corporate governance which are disclosed on the Market Observation Post System ("MOPS"), in annual reports and on the company official websites, events relevant to corporate governance that occurred in the evaluated period, information on the operation or exercise of duties at the

shareholders' meetings, board meetings and independent directors and relevant FSC, TWSE and TPEX supervision records.

## List of the evaluation results (in company code order)

### [TWSE listed companies]

#### ● TOP 5%

43 TWSE listed companies were evaluated as the top 5% in 2016.
